JGD700D-UV Adhesive Dispenser

Jensen Global's UV Adhesive dispensing system is specifically designed to dispense ultra-violet cure adhesives straight from the manufacturer's 1 liter bottle. This contained system reduces the exposure to UV Adhesive fumes and is extremely easy to maintain and clean.

Using the JGD500S digital controller with the JGD700D valve allows for accuracy and precision dispensing of low and medium viscosity adhesives. The valve has a stroke adjust, giving you the ability to dispense very controlled amounts of material without any dripping.

Features and Accessories Included:

-  JGD500S Digital Shot Meter Controller & Footswitch
-  JGD1LT Pressure Tank for 1 liter bottle of Adhesive
-  JGD700D Precision Diaphragm CA Valve with Stroke Adjust
-  JGD4000-GSO Adjustable Valve stand

JGD500S Specifications

Dimensions W x H x D
 4.50 x 6.25 x 7.75"
 11.4 x 15.8 x 19.9 cm

Weight
 2.1 lbs (.95 kg)

Power Supply
 Input 100-240VAC
 Output 24VDC 1A

Timer Range
 00.007 to 99.99 seconds

Air Input
 35-100 psi (2.4-6.9 bar)

Air Output
 1-100 psi (0.1-6.9 bar)

JGD1LT Specifications

Dimensions
 Height: 12" ID: 3.75"

Weight
 4.2 lbs

Max Pressure
 80 psi

JGD700D Specifications

Dimensions
 Length: 3.1" OD: .936"

Weight
 2.38 oz.

Options

Needle Kit
 JG120NK
